

## BIOSAN DDAC

CONCENTRATE LIQUID SANITIZING DETERGENT  
FOR SURFACES P.M.C. Reg. n° 20937  
BACTERICIDE, FUNGICIDE AND VIRUCIDE

### FEATURES

**BIOSAN DDAC** is a formulation of dimethyl-didecyl-ammonium chloride, and co-formulants, characterized by strong detergent properties for the treatment of surfaces.

### PHYSICAL CHEMICAL PROPERTIES

Appearance: light yellow liquid  
Odor: characteristic  
pH (1% sol.): 9-10  
Density: 1.05 Kg / Lt  
Compatibility: compatible with non-ionic, cationic, ampholytic surfactants. Incompatible with anionic detergents and polyphosphates.

### APPLICATIONS

**Healthcare** (hospitals, nursing homes, medical offices, clinics), **public hygiene** (sports facilities, swimming pools, factories, shops, wellness centers, schools, hotels), **food industry** (production laboratories, butchers and sausage factories, confectionery industry, bakeries, meat, fish and vegetable processing industries). **Small and large catering** (restaurants, bars, hotels, gastronomy, ice cream parlors, sales counters).

### INSTRUCTIONS FOR USE

For bactericidal and fungicidal action, apply the product directly on the surfaces with a dilution of 40 ml of concentrate per liter of water and leave to act for at least 15 min. To ensure effective efficacy, apply a dilution of concentrate of 40 ml per liter of water directly to the surfaces cleaned and rinsed thoroughly previously and leave to act for at least 30 minutes. Rinse with water. Floor rinsing can be avoided as needed.

Compliance with the specified dilutions ensures its high efficacy.

**Use as a sanitizing detergent:** The product can also be used as a sanitizing detergent at a concentration of 20 ml per liter of water.

### STABILITY

The product remains stable for 2 years at room temperature, observe the expiration date on the package. To preserve the quality of the product, keep the container tightly closed, do not expose it to heat sources or direct light. Store in a dry, cool and well-ventilated place.

### SAFETY

CONSULT THE SAFETY DATA SHEET before using the product. Dispose of in accordance with local regulations.

**PRODUCT FOR PROFESSIONAL USE**
